Chairman,
Baldock Society,

11 March 2008

Many thanks for your message about the plans in respect of the land off Royston Road, Baldock. I could not agree with you more. We have a new Conservative candidate in Baldock East this year, Mrs June Smith, who lives on the Clothall Common Estate and is actively campaigning against these proposals.

You may have seen my response to the Consultation, but if not, a copy is enclosed. I followed this up earlier this week by sending to the Chief Executive of the County Council some of the letters of objection I had received, and I shall now forward to Caroline Tapster the message you sent to me. I also attach a copy of my recent press release.

I am grateful to you for writing to me.

Best wishes,
